Allowable Subject Matter

1. Claims 1, 3-6, 8, 10-13, 15, 17-20 are allowed.
2. The following is an examiner's statement of reasons for allowance: prior art fails to teach or suggest a white balance correcting device, in combination with all the other elements claimed, wherein the comparison part computes a comparison between a first integral value obtained by integrating average values obtained by the average value calculating part and a second integral value obtained by integrating peak values obtained in the predetermined region by the peak value acquiring part, and, wherein the selection part selects the values obtained by the peak value acquiring part if the second integral value is not less than a predetermined number of times the first integral value, and the selection part selects the value obtained by the average value calculating part, if the second integral value is less than the predetermined number of times the first value (this limitation is in all independent claims).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
